

almex.mini

EFFICIENT TICKET SALES

The mobile ticket vending machine for public transport

calypso

Its small, its complex and its easy to use: equipped with a large high-resolution display the almex.mini is the ideal solution for mobile or stationary use in the field of passenger operated ticket sales. Due to the combination with Windows CE .NET, an open system platform, the almex.mini provides highest flexibility when it comes to configuration and integration into existing IT systems.

**almex.mini:**  
customized solution for  
ticket sales on bus and tram

In addition, the almex.mini offers:

- **Flexibility ...** due to an open system platform
- **Vandalism protection ...** due to a compact and robust design
- **Easy to maintain ...** due to module replacement without any tools
- **Fast problem analyses ...** due to an intuitive error display
- **Simple electronic ticketing ...** due to RFID with optical display
- **Facilitated maintenance ...** due to a vertical door angle
- **User-friendly ...** due to a 10.4" touch display
- **Optimised cashier works ...** due to a 6 litre final cash box
- **High-quality surface ...** with aluminium front
- **Functional and modern industrial design by Höft & Wessel**

## TECHNICAL DATA

<b>Processor</b>	Intel XScale 400 MHz
<b>Memory</b>	<ul style="list-style-type: none"> <li>• Up to 256 MB SDRAM, 512 KB SRAM (<i>non volatile</i>)</li> <li>• Up to 1 GB Flash Disc, 1 MB boot flash</li> </ul>
<b>Operating system</b>	Windows CE .NET
<b>Display</b>	10,4" VGA LCD colour display
<b>Touch</b>	10,4" resistive touch, 6 mm safety glass
<b>Printer</b>	<ul style="list-style-type: none"> <li>• High quality graphics capable thermal printer</li> <li>• Up to 82,5 mm paper width, integrated cutter</li> </ul>
<b>Communication</b>	<ul style="list-style-type: none"> <li>• Ethernet 10/100 Mbit/s., WLAN IEEE 802.11b/g</li> <li>• USB, USB master, USB slave, RS232</li> </ul>
<b>Coin acceptance</b>	<ul style="list-style-type: none"> <li>• Electronic coin validator</li> <li>• Self cleaning coin acceptance</li> <li>• Intermediate cash box</li> <li>• Self-locking final cash box (<i>6 liter</i>)</li> </ul>
<b>Casing</b>	Sheet steel housing with 3-point door locking device
<b>Locking</b>	3 locking levels: door, final cash box locking, final cash box
<b>Dimensions [in mm]</b>	270 x 650 x 240 ( <i>W x H x D</i> )
<b>Weight</b>	Depending on equipment, without components about 25 kg
<b>Power Supply</b>	<ul style="list-style-type: none"> <li>• 24 V DC</li> <li>• Buffer function to compensate for current fluctuation and power failures</li> </ul>
<b>Options</b>	<ul style="list-style-type: none"> <li>• Chip card reader/writer ISO7816</li> <li>• Magnetic card reader</li> <li>• RFID/contactless card reader ISO14443 a/b with optical LED display</li> <li>• Coin unit with storage tube</li> <li>• Second printing unit</li> </ul>
